

2019 F.M. Hill Lecture

Understanding Obesity as a Global Disease and Its Impact on Health

with Fatima Cody Stanford

MD, MPH, MPA, FAAP, FACP, FTOS

Assistant Professor of Medicine and Pediatrics, Harvard Medical School
Obesity Medicine Physician; Assistant in Medicine and Pediatrics,
Massachusetts General Hospital

at Women's College Hospital

Auditorium, 2501

Wednesday, November 20, 2019 @ 12:00 to 13:00

LEARNING OBJECTIVES:

At the end of the presentation, participants should be able to:

1. summarize the epidemiology and prevalence, pathophysiology, and genetic component of overweight and obesity in the adult population;
2. relate chronic disease risk factors in the adult population to the presence of overweight and obesity; and
3. recognize the persistence of chronic disease risk factors and weight bias present in childhood and adolescence into adulthood.
