

Date	Presentation Type	Speaker	Title
Friday September 15, 2023			CaRMS Interview Week Sept 19 and Meet The Investigator Night Sept 21
Friday September 22, 2023	Grand Rounds –Sept 22		
Friday September 29, 2023	RIP – Sept 29	Ted Marras	Changing epidemiology of NTM in Ontario
Friday October 6, 2023	RIP	Jolene Fisher	The Canadian Registry for Pulmonary Fibrosis (CAREPF): current state and future of ILD research in Canada
Friday October 13, 2023	Sleep Rounds		
Friday October 20, 2023	Grand Rounds	Matthew Binnie	Who Should We Be Transplanting in 2023
Friday October 27, 2023	RIP	Tereza Martinu	Aspiration as a trigger of chronic allograft dysfunction: From mechanisms to diagnostics and therapeutics
Friday November 3, 2023	RIP – November 3	Chung-Wai Chow	Novel Technologies for Early Detection of Lung Diseases
Friday November 10, 2023	Sleep Rounds		
Friday Nov 17, 2023	Ground Rounds – November 17	Margaret Herridge	ARDS, SARS and COVID Critical Illness: Outcomes and the ICU Care Continuum
Fri Nov 24, 2023	RIP – November 24	Andrea Gershon and Stacey	How does COPD impact lung cancer patients and the care that they receive?
2023.12.01	RIP – December 1	Nick Vozoris	Therapeutic potential of treating sleep disorder breathing in idiopathic pulmonary fibrosis: just a dream?
2023-12-08	Sleep Rounds		
2023-12-15	Grand Rounds – December 15	Coleman Rotstein	“New Vaccines for Use in Lung Transplant Recipients”
	HOLIDAYS		
2024.01.12	Sleep Rounds		
2024.01.19	Better Breathing Conference		
2024.01.26	RIP Rounds – January 26	Alina Blazer	Epidemiology of non-smoking COPD in Ontario
2024.02.02	RIP Rounds – February 2	Darlene Reid	Does cognition limit physical activity in people with chronic respiratory disease?
2024.02.09	Sleep Rounds		
2024.02.16	Grand Rounds – February 16	Deborah Assayg	Disparities in care of patients with interstitial lung disease
2024.02.23	RIP Rounds – February 23	Anu Tandon	Home Mechanical Ventilation: Delivering Specialized Respiratory Care in the Community
2024.03.01	RIP Rounds – March 1st	Stephen Juvet	Opening the black box: insights into CLAD pathogenesis from mice and humans
2024.03.08	Sleep Rounds		
2024-03-15	March Break 11-15	Stephen Lapinsky	Respiratory Failure in Pregnancy
2024.03.22	RIP Rounds – March 22	Sarah Brode	Risk of mycobacterial infections associated with prescription medications in Ontario
2024.03.29	RIP Rounds March 29	HOLIDAY - GOOD FRIDAY	
2024.04.05	RIP Rounds – April 5	Susan Tarlo	Occupational Chronic Obstructive Pulmonary Disease
2024.04.12	Sleep Rounds		
	CTS Conference April 11-13		
2024.04.19	Grand Rounds – April 19th	Anne Stephenson	Unraveling the Complex Tapestry of Aging with Cystic Fibrosis
2024.04.26	RIP Rounds – April 26	Andrew Kouri	Asthma Inhalers in the Digital Age
2024.05.03	RIP Rounds – May 3rd	Lee Fidler	Rheumatoid Arthritis Related Interstitial Lung Disease in Ontario
2024.05.10	Sleep Rounds		
	ATS – May 17-22		
2024.05.31	Grand Rounds – May 31	Hillary Pinnock	CONNECT: Implementing digital respiratory health
2024.06.07	RIP Rounds – June 7th	Lianne Singer	Frailty in Lung Transplantation
	Research Day June 26		
Friday, September 20, 2024	Resp Grand Rounds	Douglas Bradley	Should We Treat Obstructive and Central Sleep Apnea in Chronic Heart Failure Patients? Results of the ADVENT-HF Trial
Friday, September 27, 2024	Research In Progress	Dmitry Rozenberg	Clinical Implications of Frailty in Chronic Lung Diseases and Rehabilitation Strategies
Friday, October 04, 2024	Research In Progress	David Halpin	Fresh Light on COPD Management
Friday, October 11, 2024	Sleep Rounds		
Friday, October 18, 2024	Resp Grand Rounds	Azadeh Yadollahi	Development of digital technologies to monitor cardio-respiratory function
Friday, October 25, 2024	Research In Progress	Jane Batt	ICU Acquired Weakness –Mechanisms and novel therapeutic targets for sustained skeletal muscle wasting and weakness in critical illness
Friday, November 01, 2024	Research In Progress	Rob Wu/Andrea Gershon	Remote monitoring of people with COPD after discharge
Friday, November 08, 2024	Sleep Rounds		
Friday, November 15, 2024	Research In Progress	Samir Gupta	Mitigating Greenhouse Gases from Inhaler Medications – Our Time to Lead
Friday, November 22, 2024	Resp Grand Rounds	John Granton	From Rags to Riches: Treatment Options for the Patient with Pulmonary Arterial Hypertension (PAH)
Friday, November 29, 2024	Research In Progress	Ciaran Scallan	Beyond the FVC: Health Related Quality of Life (HRQL) in Interstitial Lung Disease (ILD)
Friday, December 06, 2024	Research In Progress	Sussana Mak	Pulmonary hypertension in older adults: Is it PAH? Is it HFpEF?
Friday, December 13, 2024	Sleep Rounds		
Friday, December 20, 2024	Resp Grand Rounds	Meghan Aversa	Can ABO-incompatible lung transplants mitigate the waitlist disadvantage for O candidates? ”
Friday Jan 3, 2025	HOLIDAYS		
Friday January 10, 2025	Sleep Rounds		
Friday January 17, 2025	Resp Grand Rounds	Ewan Goligher	Diaphragm neurostimulation-assisted ventilation: the future of respiratory failure?
Friday January 24, 2025	Better Breathing Conference		
Friday January 31, 2025	Research In Progress	Omri Arbib	Management of Mild Mycobacterium Avium Complex-Pulmonary Disease: A Microsimulation Decision Analysis Model
Friday February 7, 2025	Research In Progress	Lisa Wickerson	Hybrid rehabilitation in Lung Transplant
Friday February 14, 2025	Sleep Rounds		
Friday February 21, 2025	Resp Grand Rounds	Shane Shapera	Treatment of Connective Tissue Disease (CTD) Associated ILD: Lessons from Myositis
Friday February 28, 2025	Research in Progress	Marcelo Cypel	Current Management of Locally Advanced Lung Cancer
Friday March 7, 2025	Research in Progress	Lisa Richardson/Saba Khan	Advancing Health Care and Health Outcomes Through Inclusive Excellence
Friday March 14, 2025	Sleep Rounds		
Friday March 21, 2025	Resp Grand Rounds	Kirsten Wentlandt	Palliative Care in Advanced Lung Disease/Transplantation
Friday March 28, 2025	Research in Progress	Simon Couillard	Blood eosinophils, FeNO and the modifiable risk of asthma attacks
Friday April 4, 2025	Canadian Resp Conference		
Friday, April 11, 2025	Sleep Rounds		
Friday April 18, 2025	Resp Grand Rounds	Good Friday	
Friday April 25, 2025	Research in Progress	Gaspard Montandon	Opioid-induced respiratory depression
Friday May 2, 2025	Research in Progress	Natasha Sabur	TBD
Friday, May 9, 2025	Sleep Rounds		
Friday, May 16	ATS Conference		
Friday May 23, 2025	Resp Grand Rounds	Hashim Khan	TBD
Friday May 30, 2025	Research in Progress	Marc De Perrot	Mesothelioma
Friday June 6, 2025	Research in Progress	Susana Mak -Potentially Virtual	Hemodynamic Evaluation of Older Adults with Suspected Pulmonary Hypertension
Thursday June 12, 2025	CME Resp Day on June 13		
Friday June 20, 2025	Lung Transplant Retreat		
Friday June 27, 2025		Stephen Juvet	TBD
