

NAME OF ROTATION: Elective

FOCUS OF THIS ROTATION

The goal of this rotation is to provide the Internal Medicine trainee (PGY2s and PGY3s) with the opportunity to develop competencies in the assessment and management of patients with general internal medicine or subspecialty conditions, outside of the usual rotations in the University of Toronto Internal Medicine Program.

The resident will design their own objectives for the rotation, which will be approved by the program prior to starting the rotation.

CBD stage(s) for this rotation:

- COD

Length of this rotation:

- 1 block

PGY Level(s) for this rotation:

- PGY2
- PGY3

Locations for rotation:

- Any approved site.

Required training experiences included in this rotation will depend on the experience.
