

## Curriculum Plan for PGY4 Foundations of Discipline (FOD: PGY4, Months 2-6)

The table below outlines the required EPAs by rotation.

Residents are expected to complete 7 EPAs to complete FOD. There are also site-specific COD EPAs that should be completed on each Core hospital rotation at that site, even if they are completing the rotation in the first half of the PGY4 year.

FOD1Assessing and managing individuals with an uncomplicated presentation of an endocrine conditionFOD2Providing ongoing care for individuals with an uncomplicated presentation of an endocrine conditionFOD3Performing endocrine-focused physical examinationsFOD4Counselling patients and families for the purposes of patient education, disease prevention, and/or health promotionCOD1Managing patients presenting with an emergency related to an endocrine condition or its treatmentCOD2Assessing and managing patients with complex and/or atypical presentationsCOD3Providing ongoing careCOD4Interpreting investigationsCOD5Managing diabetes with insulin therapy and the use of diabetes technologiesCOD6Documenting patient management recommendations to other health care professionalsCOD8Providing unplanned advice to patients	Rotation	Priority	Can do	
Hospital Rotation       FOD1 (2), FOD2 (1), FOD3 (2), FOD4 (2)- do 2 each month COD1 - complete once on whole rotation COD5 (SMH: CFRD) - complete once on whole rotation COD5 (SMH: CFRD) - complete once on whole rotation         SHSC: FOD1 (2), FOD2 (1), FOD3 (2), FOD4 (2)- do 2 each month COD5 (2-SHCS: CGM - complete twice on whole rotation)       Image: Complete once on whole rotation         UHN/SHS: FOD1 (2), FOD2 (1), FOD3 (2), FOD4 (2)- do 2 each month COD5 (2-SHCS: CGM - complete twice on whole rotation)       Image: Complete once on whole rotation         UHN/SHS: FOD1 (2), FOD2 (1), FOD3 (2), FOD4 (2)- do 2 each month COD5 (UHN/SHS: Pregnancy in diabetes) - complete twice on whole rotation       Image: Complete once on whole rotation         COD5 (UHN/SHS: Pregnancy in diabetes) - complete twice on whole rotation       Image: Complete twice on whole rotation         Longitudinal COD5 (WCH) - complete twice on whole rotation       COD4, COD5, COD6, COD8         Peds       FOD1 (2), FOD2 (3), FOD3 (2), FOD4 (1) - do 2 each month COD9 (WCH) - complete twice on whole rotation       COD4, COD5, COD6, COD8         Peds       FOD3 (genital exam (1)) + one more of any FOD EPA COD9 (1)       Complete 1-2 of any FOD EPA       COD1         EPA code       EPA Name       CoD1       Complete and and an endocrine condition       COD2         CO1       Assessing and managing individuals with an uncomplicated presentation of an endocrine condition       COD1       COD1         CD1       Assessing and managing patients with complex and/or atypical presentations	Core	SMH:		
Rotation       COD1 - complete once on whole rotation         COD4 (SMH) - complete twice on whole rotation         COD5 (SMH: CFRD) - complete once on whole rotation         SHSC:         FOD1 (2), FOD2 (1), FOD3 (2), FOD4 (2)- do 2 each month         COD5 (SMH: CFRD) - complete twice on whole rotation         COD5 (2), FOD2 (1), FOD3 (2), FOD4 (2)- do 2 each month         COD1 - complete once on whole rotation         COD1 - complete once on whole rotation         COD1 - complete once on whole rotation         COD5 (UHN/SHS: Pregnancy in diabetes) - complete twice on         whole rotation         WCH:         FOD1 (2), FOD2 (1), FOD3 (2), FOD4 (2)- do 2 each month         COD1 - complete once on whole rotation         COD1 - complete once on whole rotation         COD1 - complete wice on whole rotation         COD1 (2), FOD2 (1), FOD3 (2), FOD4 (1) - do 2 each month         COD1 (CD9 (WCH) - complete twice on whole rotation         Longitudinal         FOD1 (2), FOD2 (3), FOD3 (2), FOD4 (1) - do 2 each month         COD9 (WCH) - complete twice on whole rotation         COD9 (WCH) - complete twice on whole rotation         COD9 (1)       COD4, COD5,         COD1       COP4 (1)         Community       Complete 1-2 of any FOD EPA         FPA code       FPA none <td>Hospital</td> <td>FOD1 (2), FOD2 (1), FOD3 (2), FOD4 (2)- do 2 each month</td> <td></td>	Hospital	FOD1 (2), FOD2 (1), FOD3 (2), FOD4 (2)- do 2 each month
