

Geriatric Medicine: Transition to Practice EPA #3 (Elective)

**Key Features**

- The achievement of this EPA is elective
- This EPA allows the resident to individualize training to meet the needs of their intended community and/or personal career goals
- This EPA may be applied to more than one distinct training experience (e.g. including but not limited to medical, surgical, imaging, public health training experiences)
- This EPA may be used for any structured training experience: clinical or academic
- The assessment of this EPA is based on the achievement of outcomes identified by the resident and approved by the program director/program committee. These outcomes must be SMART (specific, measurable, achievable, relevant, timely)

**Assessment Plan**

Competence Committee, program director, and supervisor review of resident's plan and outcome

**Use Form 4**

**Relevant Milestones**

S 1.1 Create and implement a learning plan

S 1.1 Develop and document a structured approach to monitor progress of learning, including identifying timelines and accountabilities

S 1.1 Develop clear outcomes to assess progress of learning

S 1.2 Identify a specific area for improvement related to the needs of their intended community and/or career goals

L 4.2 Adjust educational experiences to gain competencies necessary for future practice

HA 2.3 Identify and respond to unmet health care needs within one's practice
