Wednesday, October 20, 2021 @ 12:00 to 13:00

LEARNING OBJECTIVES:

At the end of the presentation, participants should be able to:

1. Trace the history of new cancer drug investigation in Canada via the NCIC CTG/CCTG Investigational New Drug Program,
2. Reflect on some stories of success and unexpected failures, and
3. Summarize Dr. Eisenhauer's personal evolution to believe that medical oncology must grow beyond a specialty focused on cancer treatment to influence Cancer Control more broadly.

EVALUATION & ATTENDANCE:
